ALL-TEST IV PRO™ MCA™ Instrument

End of Support as of 31st March 2021

The first generation of the ALL-TEST IV PRO™ (ATIV™) was released for sale in 1996. Thousands have been sold worldwide and helped establish ALL-TEST Pro, LLC as the leading provider of light weight, portable, handheld instruments for field testing of electric motors and other coil-based equipment.

The ATIV™ was replaced by the AT5™ in September 2014. We then launched in June 2019 our AT7™ and the AT7™ PROFESSIONAL instruments. These MCA™ instruments provide our customers with significant improvements over the original ATIV™.

We are ceasing support on the ATIV™ instrument and TREND/EMCAT™ software on March 31, 2021.

Repair Options - Limited stock exists with regards to ATIV™ accessories and spare parts including main circuit boards. We will cease repairing the ATIV™ as of 31st March 2021.

We have a limited quantity of service exchange units available for sale on a first come first served basis. Should you require ATIV™ Instruments and accessories before you are able to upgrade your testing program to the new AT7™ series:
