

Convert Your ATIV™ Data to the New MCA™ Software Version 4 For Users upgrading to the AT7™, AT7™ PROFESSIONAL & AT34™ MCA™ Instruments

- One time conversion of ATIV™ data in EMCAT PRO or TREND
- Single & Enterprise versions
- All ATIV™ data (Company Info, Locations, Equipment Information, Equipment ID's, Test Records) to be uploaded into new MCA PRO™ or MCA Basic™.

About MCA™ Software

MCA™ software enables you to manage your plant's motors efficiently and easily. Track, trend, and report on the condition of your plant's motor assets in one software program. Share data to schedule maintenance and avoid downtime, unforeseen repair costs and improve worker safety. Trend assets and productivity and schedule maintenance based on facts and production schedules.

Available Software Suites

- MCA™ Software
- Single MCA PRO™ & MCA PRO™ Enterprise (2 users to 25 users)
